

“ Before this course,
I didn't know which way to go;
now I know where I'm going
and how to get there. ”

WIRE's vision is for a society where women are safe, respected, valued, informed, empowered and free to make genuine choices in their lives.

Supported by more than 90 experienced volunteers and staff, WIRE is the only statewide women's service that provides information, referral and support to all Victorian women regardless of the issues they face.

We have been listening, supporting and empowering Victorian women since 1984.

We believe...

- » You are the expert in your own life and the best person to decide on your next steps
- » Knowledge empowers you to have genuine choice and control
- » We are stronger together.
